Class Summary

No Score = no data input
Insufficient Data = not enough data to calculate status

Student	Personal and Social Development	Language and Literacy	Mathematical Thinking	Scientific Thinking	Physical Development, Health, and Safety	Total
Anderson, Jonathan	Proficient	In Process	Not Yet	In Process	Proficient	In Process
Baker, Emily	In Process	In Process	In Process	Not Yet	Proficient	In Process

The total FLKRS-WSS score is based on the teacher’s observation of the student’s performance on a maximum of 47 performance indicators across five developmental areas during the first 30 days of school. For some students, the total FLKRS-WSS score may be based on fewer indicators.

For each domain, the student received a rating of “Not Yet,” “In Process” or “Proficient.” “Not Yet” indicates that the student has not acquired a skill, an area of knowledge or a specific set of behaviors or accomplishments. “In Process” indicates that the student can perform the skills, behavior or accomplishments intermittently. “Proficient” indicates that the student’s skills, knowledge or behavior is consistent with expectations. The rating of “Insufficient Data” indicates that not enough data was entered to calculate a score for that domain.

NOTE: The observation data is available for each student by clicking on the student’s name.

Each performance indicator across the domains is assigned a value as follows:

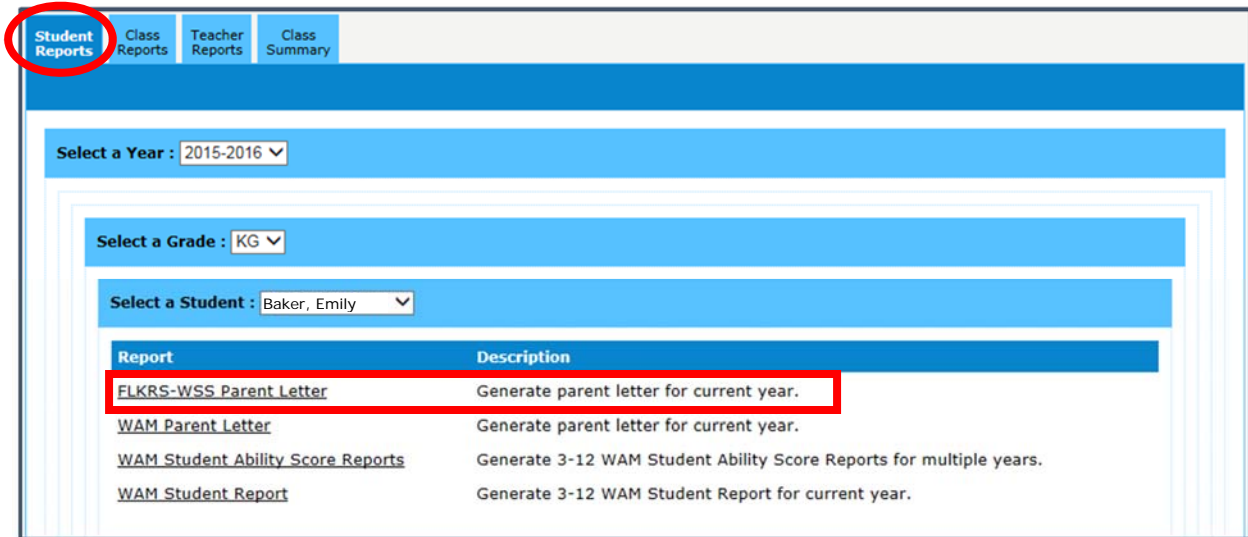

WSS Rating	Point Value
Not Yet	1
In Process	2
Proficient	3

The sum for each domain is used to determine the rating as follows:

Domain	Number of Indicators Rated	Not Yet	In Process	Proficient
